(2) Communicate the order; but discuss separately as to what the Audit Office is expected to do in the case of such sanctions. Strictly speaking sanctions without provision of money by reappropriation or additional grant are not valid and cannot be given effect to. Is it the intention in such cases that the Comptroller should not pass the pay of the Establishment in question till reappropriation is made by proper authority? Or is the question of reappropriation merely a request to the officer addressed, to be attended to at his convenience? It is necessary that the F. D. should be able to give necessary instructions to the Comptroller in communicating the order.

reappropriations for the simple reason they are unable to utilise the material. The proper way would be for the Officer applying for sanction to put up de- -tailed Stts duly Verified & the Comptr & Audr General before put. An order passed asking that reappn will be suggested later on virtually contravenes the Bom Fin rules and as such cannot be considered as unobjectionable. The better way is to decline sanction when requests unaccompanied by provision in the Estimates or Reappropriation Stts Verified & the Comptroller Gen up for consideration.

Quite so. Next time we are asked to ~~agree to~~ an order sanctioning addl expenditure during the year without reappn or addl grant being first sanctioned, we should point out that such an order is irregular and cannot be concurred in, this file being put up
